Prevea welcomes Dr. Collin Torok

Neurointerventional radiologist and surgeon now caring for patients in Green Bay

GREEN BAY, Wis. – Expanding its team of doctors who specialize in treating blood vessel disorders of the brain, spine head and neck, Prevea Health is pleased to welcome [Collin Torok, MD](#), a fellowship-trained neurointerventional radiologist and surgeon now caring for patients in Green Bay.

Dr. Torok sees patients and performs surgery at HSHS St. Vincent Hospital in Green Bay. He specializes in cerebral aneurysm embolization; arteriovenous malformation embolization; dural arteriovenous fistula embolization; carotid cavernous fistula embolization; spinal vascular malformation embolization; stroke mechanical thrombectomy; pre-operative tumor embolization; middle meningeal artery embolization for chronic subdural hematoma; carotid stenting; diagnostic cerebrospinal angiography and vertebral augmentation (vertebroplasty, kyphoplasty).

“My practice philosophy is to treat every patient with the same dedication that I would a family member,” says Dr. Torok. “We are truly fortunate to be able to leverage the amazing technology we have access to in order to provide patients with treatments in a comprehensive, multidisciplinary environment. We seek nothing short of world-class care where I practice at HSHS St. Vincent Hospital and provide the best possible outcomes for patients and their families.”

Dr. Torok earned his medical degree from Penn State College of Medicine, where he graduated with top honors. He then completed his residency in diagnostic radiology and fellowship in diagnostic neuroradiology at the Johns Hopkins Hospital, Johns Hopkins School of Medicine. He next completed a neurointerventional surgery fellowship at Massachusetts General Hospital/Boston Children’s Hospital, Harvard Medical School. He is certified as a neuroradiologist by the American Board of Radiology and as a neurointerventional surgeon by the American Board of Neurological Surgery.

Dr. Torok joins Prevea neurointerventional radiologist, [Dr. Alison Meyer](#) and a well-equipped team of experts caring for stroke, brain aneurysms and more at HSHS St. Vincent Hospital - a certified Comprehensive Stroke Center. Appointments with Dr. Torok can be scheduled by calling (920) 272-1610.
