

For Immediate Release

Green Bay, WI – Aspiro announced today that effective April 1 it has been awarded the contract to administer the Birth to Three program for Brown County. Aspiro was selected through an RFP process announced last fall.

The Birth to Three program ensures that eligible families have access to a comprehensive team of early intervention specialists, including special educators, service coordinators, occupational therapists, physical therapists, and speech-language pathologists.

We will continue to partner with Brown County to maintain a high level of program integrity in providing these important services for children and families."

We are confident that with this transition, Brown County families will continue to receive the same level of high-quality services with the Aspiro team."
