Badger State Brewing Announces Full Statewide Distribution

Beers Now Available in Eau Claire, Hudson; Completing Statewide Coverage

February 6, 2025 – Green Bay, Wisconsin — Badger State Brewing, one of Wisconsin's top craft breweries, is expanding into the Eau Claire and Hudson markets, completing its statewide distribution across Wisconsin.

"We're thrilled to announce that Badger State beers are now available across the entire State of Wisconsin," said Andrew Fabry, President and Founder of Badger State Brewing. "As a brewery proudly named after our state's nickname, it's incredibly rewarding to know that beer lovers from every corner of the Badger State can now enjoy our brews. We've also received a lot of excitement from craft beer enthusiasts in Minneapolis, St. Paul, and other Minnesota communities about some of our best beers being closer to them than a four hour drive to us in Green Bay. We look forward to welcoming both our loyal fans and those new to our beer, and raising a glass with some new friends!"

Badger State Brewing will partner with Lee Beverage of Wisconsin to complete its wholesale network. Together, the team will offer its core and seasonal beer offerings led by Grassy Place Hazy IPA, BRW-SKI.

Launch events will be held at The Fire House, home to 38 rotating craft beer taps, as well as Milwaukee Burger Company in Eau Claire during the week of February 4th.

About Badger State Brewing

Badger State Brewing, based in Green Bay, is a leading craft brewery serving customers across Wisconsin with a diverse lineup of innovative beers available in sustainable cans and on draft. The brewery is renowned for its welcoming tap room, beer garden and private event space, The Barrel Haus – named "Best of 2024" by Wisconsin Bride. Badger State lays claim to two of Wisconsin's top beers: BRW-SKI and Grassy Place Hazy IPA among its range of beers.
