SMART ENERGY, SMART SAVINGS WORKSHOP

POWER UP YOUR BUSINESS & HOME WITH SMART ENERGY SAVINGS

With rising costs, managing expenses is crucial. Join us for a **free energy efficiency workshop**, in partnership with **FOCUS ON ENERGY®**, to learn how to save on energy costs for your **home, business, or farm!**

Attend this free, in-person workshop to:

- Learn about cost-effective upgrades to help reduce energy bills
- Learn how to receive incentives to lower upfront costs of efficient equipment.
- Meet Energy Advisors to identify energy-saving projects and incentives specific to your business.
- Order a free home energy-saving product pack and learn ways to reduce your energy bills

Who Should Attend?

- Retail & Grocery Store Owners
- Restaurant Operators
- Agribusinesses (Farm Owners)
- Homeowners
- ...and anyone looking to save on energy!

Enjoy free food and drinks! Hmong interpreter available upon request when registering.

Make informed decisions to help you save money today and in the long run. Don't miss out on these savings opportunities. Register today!!
