## H.J. Martin and Son Names New Vice President of Drywall

Green Bay, Wis. – H.J. Martin and Son is pleased to announce the promotion of Wyatt Tompkins to Vice President of Drywall within the Walls & Ceilings division. Wyatt's journey with the company began in the fall of 2016 when he joined as a Project Manager/Estimator. He quickly demonstrated his expertise by taking on significant responsibilities for the Marquette Hospital project, which was the largest single project in company history at \$22 million.

After dedicating a significant amount of time to the Marquette, MI project, Wyatt took on the challenge of managing and estimating another large project: Trinity Hospital in Minot, ND. His outstanding leadership and expertise in handling complex projects have been key drivers of the division's growth and success.

Before joining H.J. Martin and Son, Wyatt gained valuable experience in residential home building from 2014 to 2016. He brought with him a deep industry knowledge, backed by a strong family legacy as a third-generation construction professional. Additionally, Wyatt served a 10-month tour in Afghanistan with the U.S. Army Reserve, where he was enlisted from 2010 to 2016.

Wyatt holds an associate's degree in construction management from Northeast Wisconsin Technical College, earned in May 2017. In 2018, Wyatt was honored as a "Rising Young Professional" by The Daily Reporter in recognition of his early career achievements and leadership in the construction industry.

As Vice President, Wyatt will oversee the Drywall department, focusing on developing a high-performing team and securing key projects that will reinforce H.J. Martin and Son's position as the leading drywall contractor in the region.

###
